

TOP PRODUCTS

NanoFlush

A 2-in-1 device that combines the functions of an aspirator and an irrigator, providing comprehensive care for your child's nose. In addition to effective suction, it enables gentle rinsing. Its long-term usefulness makes it irreplaceable throughout childhood.

SleepSafe

Provides protection with advanced sensors that monitor the newborn. The intelligent alarm system immediately informs about any disturbing changes. Additionally, the device is spill-resistant, making it a reliable choice for everyday use.

CommuniCare

An innovative device that allows you to call directly from the nanny to the phone using one button and provides two-sided viewing, thanks to which the caregiver sees the child and the child sees the caregiver.

TwinHarmony

TwinHarmony is a double and wireless breast pump with a modern shape. Quick charging and compact size give you the freedom to express milk anywhere. Equipped with a 4-phase operation system and massage mode, it supports the natural lactation process. Its quiet operation allows for discreet use in any situation.

Milk Formula Elite

The Momini espresso machine allows you to quickly and easily prepare milk, cocoa or cereal coffee with the perfect consistency, both day and night, which makes it an irreplaceable device for parents. The equipment adapts to the child's growing needs, combining high quality with an affordable price.

MiniChef

The steam multiblender combines the functions of steaming, blending, heating, defrosting and automatic cleaning. With the ability to heat bottles, keep warm and crush, it eliminates the need for multiple devices. It is an affordable alternative to expensive machines, allowing you to prepare healthy meals.

Mission We take care of every detail with passion and full commitment, creating layettes that are an integral part of the first moments spent with your baby.

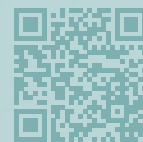

Vision We are a dynamic brand, created by modern and aware parents, introducing innovative products and unique solutions in the field of children's layettes to the market. Some of our products, previously unseen in our market, introduce new, safe, and necessary functionalities, effectively responding to the growing needs of young parents.

Values Our products harmoniously combine aesthetics, functionality, and safety, meeting the expectations of even the most demanding parents. We believe that everyone deserves practical and beautiful layettes that make the first moments with the child calm and joyful.

Why a rabbit?

It fits perfectly into the brand's theme. Additionally, its appearance and characteristic features they are associated with carefreeness, curiosity about the world and innocence
