

Warning & Safety Information – Verbatim Travel Adapters / GaN Charger / Power Tower

General Use

- For indoor use only. Do **not** expose to rain, splashes, or high humidity.
- Use only with compatible low-voltage electronics.
- Do **not** use with high-wattage appliances (e.g. hair dryers, irons, heaters).
- Insert only **one plug type at a time**. Forcing multiple sliders may cause damage.
- Ensure plug is **fully inserted** into the wall outlet to prevent overheating or arcing.

Electrical Safety

- Do not exceed the **maximum power rating** per port or total output.
- Use only **certified USB-C and USB-A cables**. Damaged or low-quality cables may cause faults.
- Disconnect the adapter from the wall when not in use or during storms.
- Do not use the adapter if the housing, USB ports, or sliders appear damaged.

Thermal Handling

- The adapter may become **warm during operation**, especially at high loads – this is normal.
- Allow **sufficient ventilation**. Do not place on soft surfaces that block airflow.
- Stop using immediately if the device becomes **hot to the touch**, smells unusual, or emits smoke.

Environment

- Operating temperature: **0 °C to 40 °C**
- Storage temperature: **-10 °C to 60 °C**
- Keep away from sand, dust, salt, and direct sunlight for extended periods.
- Never clean the adapter with water, sprays, or solvents.

Children & Pets

- Keep out of reach of children. Contains small parts and electrical components.
- This product is **not a toy** and must not be operated unsupervised by minors.

Disposal

- Dispose of the product at an approved **electronic waste facility**.
- Do not dispose of in household waste or incinerate.
- Check local laws for **WEEE and battery disposal regulations** (if applicable).
