

Material Safety Data Sheet
In according to the Regulation (CE) n. 1907/2006 REACH
Issue date: 08/01/09 update: 09/10/14
Data sheet B0821 in Rev. n. 1

1. Identification of the substance/preparation and of the company/undertaking

Product name: Toner d-Copia MF651- 551 - 451
Code number: B0821
Product description: Toner (cyan) for printers and laser photocopy machines.
Company name: Olivetti S.p.A.
Via Jervis 77
10015 Ivrea (TO) - ITALY
For information: Tel. 0039 (0)125 775710
Fax 0039 (0)125 775711
e-mail : supplies@olivetti.com
For emergency: Centro Antiveleni-Ospedale Niguarda (Milano)
0039 (0)2 66101029

2. Hazard's identification

The preparation has not been classified as a dangerous according to directive 1999/45/EC, D.M. 28/1/1992, D.Lgs. 3/2/1997 n.52.

Skin contact: Unlikely to cause skin irritation.
Ingestion: Ingestion is not applicable route of entry for intended use.
Inhalation: Prolonged inhalation of excessive dusts may cause lung damage.
Use of this product, as intended, does not result in inhalation of excessive dusts.
Eye contact: May cause eye irritation.
Specific Hazards: Dust explosion, like most finely divided organic powder.

3. Composition / information on ingredients

Substance/ preparation: preparation

Chemical name*	Weight %			
Styrene acrylate copolymer	75-85	-	-	Not classified
Organic pigment	1-10	147-14-8	-	Not classified
Amorphous silica	1-10	7631-86-9	231-545-4	Not classified
Wax	10-20	-	-	Not classified
Wax 2	1-10	-	-	Not classified
Titanium bioxide	<1	13463-67-7	236-675-5	Not classified

*Occupational Exposure Limit(s), is available, are listed in section 8.

olivetti

Material Safety Data Sheet
In according to the Regulation (CE) n. 1907/2006 REACH
Issue date: 08/01/09 update: 09/10/14
Data sheet B0821 in Rev. n. 1

4. First – aid measures

First-aid measures:

Inhalation:	If inhaled, remove to fresh air and gargle with plenty of water. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
Ingestion:	Rinse out the mouth. Drink one or two glasses of water to dilute. Seek medical treatment if necessary.
Skin contact:	Wash with soap and water. Get medical attention if irritation develops.
Eye contact:	Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention

5. Fire – fighting measures

Extinguishing media

Extinguishing Media:	Water spray, CO ₂ , foam and dry chemical. Do not use water jet.
Hazardous thermal decomposition products:	These products are carbon oxides (CO ₂ , CO) and smoke.
Fire and Explosion Hazards:	If dispersed in air, like most finely divided organic powders, may form an explosive mixture.
Protection of fire-fighters:	Use self-contained breathing apparatus.

6. Accidental release measures

Personal precautions:	Avoid inhalation, ingestion, eye and skin contact in case of accidental release.
Environmental precautions and clean-up methods:	No special precaution. Do not discharge into drains, rivers or the environment, dispose of waste toner in accordance with local requirements. Slowly sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, it must be equipped with high efficiency particulate air filter and the motor must be rated as dust explosion-proof.

NOTE: see section 8 for personal protective equipment and section 13 for waste disposal.

Material Safety Data Sheet
In according to the Regulation (CE) n. 1907/2006 REACH
Issue date: 08/01/09 update: 09/10/14
Data sheet B0821 in Rev. n. 1

10. Stability and reactivity

Stability:	The product is stable under normal use.
Hazardous Reactions:	Dust explosion, like most finely divided organic powders.
Conditions to avoid:	Electric discharge, throwing into fire.
Materials to Avoid:	Oxidizing materials.
Hazardous decomposition products:	These product are carbon oxides (CO ₂ ,CO), nitrogen oxides (NO _x) and smoke..

11. Toxicological information

Acute toxicity oral (LD₅₀):	> 2500 mg/kg (rat)
Acute toxicity dermal (LD₅₀):	Not available.
Acute toxicity inhalation (LC₅₀):	> 4,79(Rat)
Eye irritation:	Not irritant (rabbit).
Skin irritation:	Not irritant (rabbit).
Skin sensitizer:	Non sensitization.
Chronic Toxicity or Long Term Toxicity:	Prolonged inhalation of excessive dust may cause lung damage. Use of this product, as intended, does not result in inhalation of excessive dust.
Carcinogenicity:	No carcinogen according to IARC and EU Directive(67/548/EEC).
Mutagenicity (Ames test):	Negative.

12. Ecological information

No data are available on the adverse effects of this material on the environment.

13. Disposal considerations

Dispose in according to 75/442/CEE and following modifications (91/156/CEE, 91/692/CEE, 96/59/CE and 96/350/CE) and in according to:

- Directive 91/689/CEE dangerous waste.
- Resolution 2000/532/CE and following modifications about institution of a new community waste's list.
- Directive 94/62/CE about packages and package's waste.

Material Safety Data Sheet
In according to the Regulation (CE) n. 1907/2006 REACH
Issue date: 08/01/09 update: 09/10/14
Data sheet B0821 in Rev. n. 1

14. Transport information

No special precaution.

15. Regulatory information

EU regulations

Classification and labelling have been performed according to EU directives 67/548/EEC, 1999/45/EC including amendments.

Symbol and Indication :	Not required.
R-Phrase :	Not required.
S-Phrase :	Not required.

16. Other information

This Material Safety Data Sheet was prepared in compliance with EU Directive 91/155/EEC including amendments.

This information adds to those contained in the 'Instructions of use' for same product, but does not substitute them.

The information contained herein relates only to the referred product as manufactured and put into the market, and is not valid for other combinations of same materials.

It is the user's responsibility to determine the suitability of such information for his intended use.

<Abbreviation>

IARC:	International Agency for Research on Cancer.
LD ₅₀ :	Lethal Dose 50: is the amount of a material, given all at once, which causes the death of 50% (one half) of a group of test animals.
LC ₅₀ :	Lethal concentration 50: the concentration of the chemical in air that kills 50% of the test animals in a given time (usually four hours) is the LC50 value.
ACGIH:	American Conference of Governmental Industrial Hygienists.
EINECS:	European Inventory of Existing Commercial Substances.
CAS:	Chemical Abstract Service.
